

Ophthalmologist Wanted – Unique Opportunity

Description

Enhance your professional career path and prepare future cataract specialists using world leading simulation-based training methodology.

A surgeon ophthalmologist, qualified as a HelpMeSee Cataract Surgical Instructor, embarks on a new career track delivering full procedure training courses that incorporate HelpMeSee's state of the art ophthalmic surgical simulator with high fidelity graphics, haptics and data systems that support the attainment of procedural proficiency, higher levels of confidence and fewer complications transitioning into supervised live surgery.

HelpMeSee's Simulation-Based Training Courses cannot be compared to any existing simulation-based training in medicine today.

Come and explore what it can do for you and your future! jobs@helpmeseesee.org

Requirements

- Minimum qualification - Post graduate diploma or degree in Ophthalmology
- Adequate surgical experience in MSICS & PHACO
- Experience, as an instructor, in delivering ophthalmic surgical training (US certification as an ophthalmologist is not a requirement)
- Proven ability as an effective instructor/motivator
- Comfortable with fundamental use of computers (installation and running of software, manage files and folders etc.), use computer applications such as MS-Office, Internet (emails, uploading and downloading files, Internet searches) etc.
- Ability to communicate effectively in English
- Ability to work as part of a team

Share your experience by teaching cataract surgery using HelpMeSee's simulation based training program at HelpMeSee Jersey City, New Jersey. No US license to practice required
